1988 Editorial Index

The following index is a guide to articles that appeared in Vol. 31, Nos. 1 through 13 of *World Wastes*, formerly *Solid Wastes Management*.

This index is a comprehensive reference source to all 1988 editorial material, containing cross-referenced alphabetical listings of articles by subject, title and authors' name, followed by the publication month and page number (e.g. "Nov 35" is the November issue, page 35).

Index subheads include: Collections, Computerization, Conventions, Environmental Protection Agency, Hazardous Wastes, International, Landfills, Legislation, Maintenance, Management, Recycling, Resource Recovery, Sludge and Transferring Wastes.

The index also lists *World Wastes'* columns and departments. These can be found under: Editorials, Equipment, Legal and Trends.

Back issues of *World Wastes, World Wastes Specification Catalog* and article reprints are available from the publisher, Communication Channels Inc., 6255 Barfield Road, Atlanta, Ga. 30328. □

Circle No. 200 on Reader Service Card

Trucks

Ford

Ford Motor Co. Truck Operations, Detroit, has a full line of tilt cabs that come in conventional short and long sizes. The trucks feature set-back front axles; gasoline, diesel or liquid propane power; and engines by Ford, Caterpillar and Cummins. The company also offers a variety of trucks from 17-yard loaders to 82,000-pound GCWR tractors.

Circle No. 110 on Reader Service Card

Nissan

Nissan Diesel America, Irving, Texas, offers UD3300 class 7 trucks, equipped with a 210-horsepower turbocharged diesel engine. Standard features include a manual, six-forward-speed overdrive transmission, power steering, full air brakes and exhaust brakes. The gross vehicle weight rating is 32,900 pounds, and it is available in four wheelbases ranging from 156- to 238-inches.

Circle No. 209 on Reader Service Card

Ottawa

Ottawa Truck Corp., Ottawa, Kan., manufactures the low entry Rogue, with ratings of 37,000 to 66,000 pounds. It features an all galvaneel cab, dual drive, curbside fold-up dutch doors, H.D. doubled-rolled frame, closed structure fabricated cross members, Cummins-Caterpillar or Detroit diesel engines, and Allison-Fuller or Spicer transmissions.

Circle No. 214 on Reader Service Card

Western Star

Western Star Trucks, Nashville, Tenn., introduces the 3800 series, a distribution truck, with 300 horsepower. The series features a Cummins C-series 6 engine; a standard Fuller T8607A transmission; maximum cargo volume of 80,000 GCV; a wheelbase range of 156-inches - 243-inches; spring, air ride or rubber block suspension; front axle capacity of 12,000-16,000 pound; rear axle capacity of 23,000-40,000 pounds; and a length of 109-inches B.B.C.
